

COVID-19 Safety Plan

Pandemic Flu

February 2021

Executive Summary

This document outlines the current plan of action for preventing the transmission of COVID-19 to Roth Park Family Campground employees and guests. At Roth Park Family Campground, we are doing everything within our ability to operate in the safest ways possible during the COVID-19 pandemic. The COVID-19 pandemic is an evolving situation. We will review our plan regularly and make changes as required. Referring to the Ontario Government's COVID-19 website for up-to-date information.

To limit the spread of COVID-19, Public Health has issued orders that impact the hospitality and tourism industries. Our policies have been structured upon all recommendations of the ON Provincial Health Officer and Ministry of Labour to ensure the safety of our guests, our staff, and our community.

This plan applies to all staff and guests of Roth Park Family Campground and will be revised as needed based on Provincial direction.

General Information

The virus that causes COVID-19 spreads in several ways. It can spread in droplets when a person coughs or sneezes. It can also spread if you touch a contaminated surface and then touch your face.

The risk of person-to-person transmission increases the closer you come to other people, the more time you spend near them, and the more people you come near. The closer you are to others, particularly in an enclosed space, will increase your chance of exposure.

The risk of surface transmission increases when many people contact the same surface and when those contacts happen over short periods of time.

The symptoms of COVID-19 are similar to other respiratory illnesses, such as the flu and the common cold, and may appear 2-14 days after exposure to the virus. Symptoms of COVID-19 can include, but are not limited to fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea. People infected with COVID-19 may experience little to no symptoms, with illness ranging from mild to severe.

People who are contacts of a confirmed COVID-19 case, meaning they have been or could have been exposed to the virus but do not have symptoms, are required to self-isolate and monitor themselves for symptoms. Self-isolation requires the person to stay home and avoid situations where they may come into contact with others.

If you have any symptoms of COVID-19 or have been in close contact with any persons infected with COVID-19 or are required to self-isolate for any other reason, please stay home. Roth Park Family Campground is not a suitable place to quarantine for these situations, and we will not accommodate any guests for this purpose.

Roth Park Family Campground will be adhering to any travel advisories issued from the Federal and provincial governments. Any cancellations stemming from government mandated shutdowns or travel restrictions will be processed at no cost to the guest.

All guests must read and sign the COVID-19 Waiver/protocol provided at check-in, which outlines protocols for all guests staying at Roth Park Family Campground. All visitors and guests staying at Roth Park Family Campground are expected to adhere to Roth Park policies and follow all local/provincial orders and health protocols.

Any guests who fail to follow our directives and policies regarding COVID-19 will be asked to leave the property.

Risk Management

To reduce the risk of the virus spreading among our staff and guests, to the best of our abilities, we have identified areas of increased risk throughout the property where we have focused enhanced cleaning and distancing protocols. These areas include, but may not be limited to:

Areas Where People Gather

- Washroom/Shower facilities

First Level Protection (Elimination): Limit the number of people at the workplace and ensure physical distance whenever possible.

Communication between staff and guests is encouraged to be through remote methods as much as possible. If a guest or member of the public approaches the office, staff will assist them outdoors or indoors and must wear a mask. The office will remain open.

When in-person assistance is required on the guest's site or elsewhere on the property, staff and guests must maintain at least 2-metres of distance. If this is not possible or may be difficult, staff must wear a mask. If a staff member is required to enter the RV of a guest, they must wear a mask and do their best to maintain 2-metre distance.

A contactless check-in process has been implemented. Guests may pick up their prepaid check-in package from behind the white board outside the office/store building, which contains all the pertinent information for their stay. Hand sanitizer is available and physical distancing signage is posted to encourage guests to stay distant from others in the check-in area.

If a guest arrives without a reservation, they must phone or enter office upon arrival. Must maintain the maximum amount of 5 people allowed in office/store at a time. The staff member will create their check-in package and deliver it to the contactless check-in place, to their vehicle or in person. If a staff member delivers it to the guest in-person, they must wear a mask, maintain a 2-metre distance as much as possible, and limit the amount of contact with the guest.

In order to reduce the number of people at the worksite at one time, we may have reduced office hours and have a minimal of 5 people allowed in the office/store at one time. In the office, workstations are spaced out to accommodate proper physical distancing and are adequately supplied to reduce shared items between staff members.

Physical distancing signage is posted throughout the property. Occupancy limits have been established and posted for common areas such as the laundry room (one person maximum). Washrooms and showers (two person maximum). Covid-19 signage has been posted at each entrance to the gate as well as beach/boat launch area.

Where possible, work tasks have been redesigned to keep employees appropriately distanced. If tasks must involve more than one staff member and distancing is not possible or guaranteed, staff must wear masks.

Any necessary team meetings will take place outdoors where there is adequate space for physical distancing protocols to be followed. Additional measures will be considered as needed, such as meeting in smaller groups or having meetings via remote communication methods, especially with contractors.

Second Level Protection (Engineering): Barriers and partitions.

Out of an abundance of caution, the maintenance shop and rec hall have been entirely closed to guests and the public, so we have been able to avoid the use of barriers and partitions on the property. We will reassess these decisions continuously through the pandemic.

Third Level Protection (Administrative): Rules and guidelines.

We have created clear guidelines and policies outlining the expectations for employee and guest conduct while on Roth Park Family Campground property. These guidelines have been clearly communicated to staff through a combination of training and signage posted upon entry of the property. Multiple measures have been taken to ensure all guests are aware of and compliant with COVID-19 safety protocols. Our COVID-19 policies and full Safety Plan are available on our website, all guests must read and sign our COVID-19 waiver upon check-in, and signage is posted upon entry to the property.

Employee Guidelines

- Staff must initial and complete an employee Screening Protocol before shift starts.
- Staff must practice physical distancing by working more than 2 metres apart from coworkers and guests whenever possible. If proper distancing may be difficult, masks must be worn.
- If any employee has symptoms associated with COVID-19, they must not attend work or leave immediately if symptoms present during work. They must follow up with local health authorities for further instructions and comply with advice given. Further details on this are provided in the Health and Safety policy.
- All Roth Park employees must be diligent about hand hygiene. Hand sanitizer is available at all workstations, in grounds keeping vehicles, and at all entrances for public buildings. Staff is expected to wash their hands with soap and water or use hand sanitizer at the start of their shift, before and after eating or drinking, after touching shared items, cleaning, touching high touch surfaces, after using the washroom, after handling cash, at least once an hour throughout their shift, and before leaving the workplace.
- Employees must follow cough and sneeze etiquette and should avoid touching their face. They must practice diligent hand hygiene after any of these actions, and at all times.
- If an employee feels that their work conditions are unsafe, they should report to their supervisor immediately.
- Employees should not share communication devices. If necessary, the devices must be sanitized between users. Radios should be disinfected regularly throughout a staff member's shift.
- Staff is encouraged to share supplies and tools as little as possible and sanitize between users if necessary.

- Office staff should use a single workstation through their entire shift, which should be adequately stocked with supplies, so they do not have to share with the other workstation. At the end of the shift, everything must be disinfected.
- Groundskeeping vehicles must be disinfected at the end of each shift or between users if being shared through the workday.
- At the end of each day, staff must return all equipment that was used to the Maintenance shop to be disinfected and put away safely.
- At the end of each staff member's shift, they are required to throw away any disposable PPE and wash their hands thoroughly.

Guest Guidelines

- Guests are expected to stay home and visit us another time if they are feeling unwell. We have implemented a flexible cancellation policy in response to COVID-19 and full refunds will be provided without penalty (with 24-hour notice).
- Guests must adhere to all local and provincial orders, restrictions, and recommendations.
- Guests are expected to familiarize themselves with Roth Park Waiver and COVID-19 Compliance Form ahead of arrival. This can all be viewed on our website.
- Upon check-in, all guests must be Screened for symptoms and sign our COVID-19 Waiver and Compliance Form. Paper copy can be given if requested. Every guest must sign and return this form to administration and comply with the protocols listed. This form can be viewed in its entirety on page 13 of this document. The Waiver and Covid-19 Compliance Form will be revised as needed.
- Guests are asked to bring as much of their own groceries, supplies, and PPE as possible, to limit stress on local supplies and prevent large numbers and lineups inside small local stores.
- Hand sanitizer dispensers have been installed at the entrances to all shared washroom facilities.
- Please respect our posted check-in and check-out times. We cannot accommodate early check-ins or late check-outs during the high season due to our heightened check-out procedures, cleaning and sanitizing all touch points in rentals and campsites.
- Any guests who fail to follow our directives and procedures regarding COVID-19 will be asked to leave the property.
- Payment is preferred via credit card through our online booking program, or e-transfer is also accepted and encouraged as an alternative. Cash will be accepted – please practice hand hygiene after handling cash.
- Masks are mandatory for guests in shared public spaces, including the washroom facilities and laundry room. They are greatly appreciated in situations where the guest may be in close contact with Roth Park Staff.
- Self-serve Water Rentals are available with hand sanitizer and disinfectant spray available for guests to use before and after borrowing the water rentals. Signage is posted with these instructions to ensure guest compliance.

Guest Isolation

Roth Park Family Campground will not be accepting any guests for the purpose of completing a mandatory self-isolation period.

If a guest is already staying at Roth Park when they learn they need to self-isolate, whether from becoming symptomatic or being identified as a close contact with a COVID positive individual, Roth Park will work closely with this guest and with Public Health to determine the best solution for their situation.

If they are a short-term guest, they will be asked to immediately go home if possible and provided with a full refund for any remaining nights in their booking.

If it is not possible for a short-term guest to return home immediately to self-isolate, they may be able to complete their self-isolation period at Roth Park if they are in a self-contained and approved by Public Health.

Seasonal guests residing at Roth Park will be asked to immediately go home if possible. If not possible may be able to complete their self-isolation period at Roth Park if approved by Public Health. Seasonal Guests must create a plan so their activities can be supervised. Any guests under self-isolation must not access any shared amenities at any point during their isolation period.

If they are residing in an RV that can be self-contained, Roth Park will ensure they are restricting themselves to their own space and not accessing any shared amenities during this period.

If they are not in a self-contained RV, they may need to seek alternative accommodation for this period so as not to pose a risk to other Roth Park guests.

Cleaning Guidelines

At Roth Park, we hold ourselves to the highest standards of cleanliness at all times. In our best efforts to prevent the potential spread of COVID-19, cleaning procedures throughout the property have been revised and increased. All high touch surfaces, including but not limited to the items recognized on page 4 of this document, are frequently cleaned and disinfected in accordance with industry best practice as directed by Public Health. Specific cleaning regimens have been introduced for all areas of the business, which are outlined below.

Roth Park uses cleaning products and protocols which meet Ontario guidelines and are approved for use and effective against viruses, bacteria, and other airborne and bloodborne pathogens. The disinfectant used in all cleanings at Roth Park is Oxivir, a one-step disinfectant cleaner based on proprietary Accelerated Hydrogen Peroxide technology.

Employees will sign off on the logs upon completion of each cleaning, indicating what tasks have been completed. Logs will be randomly reviewed by management to ensure compliance with safety protocols for the safety of all staff and guests.

RV Sites

- Staff will inspect the campsite after a check-out to insure no garbage/hazardous material was left. Fire pit will be cleaned out.
- Any garbage cleaned up from a site will be disposed of in a garbage bag and disposed of in a safe manner.
- If a guest has borrowed any items from Roth Park (i.e., water pressure regulator) these items will be collected by staff at check-out and disinfected.

Cabins/Loft/Rental Trailers

- Housekeeping staff must use appropriate PPE when cleaning the rentals. Masks are mandatory and gloves are available if desired.
- Hand hygiene is of utmost importance. Staff must sanitize hands before, after, and between cleaning rentals. They must also sanitize hands as needed during each cleaning. Hand sanitizer must be readily available.
- During the summer, all windows will be opened after a guest check-out to provide maximum airflow and ventilation to the enclosed area. In the winter, when this is not practical, Rentals will be left empty for 24 hours after a check-out to reduce risk to staff and following guests.
- All potential touch surfaces will be cleaned and disinfected with Oxivir. Cleaning cloths must be changed out between rentals.

- Only bedbug covers and mattress covers are being supplied by Roth Park. Guests must bring their own bedding.
- Laundry will be removed and laundered on the warmest appropriate setting.
- Laundry bins are sanitized after any contact with dirty linens.
- Disposable gloves are available for handling dirty linens and must be discarded after each use. Staff are expected to wash hands with antibacterial soap provided in laundry room after handling dirty laundry, and before handling clean laundry.
- The front-loading area of laundry machines are sanitized frequently (see washroom facilities) and between staff laundry loads.
- Laundry machines are coin operated; staff must sanitize hands immediately after handling any coins.
- Cleaning equipment (mops, vacuums, sprays, carts) are sanitized regularly.
- Staff must wash or sanitize hands after handling any garbage or recycling needing to be removed from the yurt.

Washroom Facilities and Shared Amenities

- Cleaning staff must wear appropriate PPE when cleaning the washroom/shower and laundry facilities. Masks are mandatory, and disposable gloves are available if desired, to be used with proper hygiene etiquette.
- Staff must sanitize hands before and after cleaning, and between bathrooms to reduce risk of transmission. They must also sanitize hands as needed during each cleaning. Hand sanitizer must be readily available. Dispensers have been installed at the entrance of each washroom building and must be utilized before entering the buildings.
- All high touch surfaces and commonly used areas, including but not limited to those identified in the Areas of Risk column on page 4, are to be cleaned and disinfected 3 times a day, as deemed appropriate by occupancy and facility usage in accordance with industry and Public Health Standard.
- Full cleans of the washroom/shower and laundry facilities, including the fish cleaning station, are carried out at least three times daily.
- Cleaning cloths must be changed out regularly during a clean to reduce the risk of transmission of the virus. These will be laundered immediately on the warmest appropriate setting.
- Staff must wash or sanitize hands after handling any garbage and disposing of it in the bearproof bins.
- Self-serve water rentals are available with hand sanitizer and disinfectant spray available for guests to use before and after borrowing the water rentals. Staff will maintain adequate amounts of these cleaning supplies and perform a daily disinfection at the end of each workday.

Fourth Level Protection: PPE

Appropriate PPE will be worn by all employees based on their role and responsibilities and in adherence to the provincial or local regulations and guidance. Training on how to properly use and dispose of all PPE will be provided and mandatory for all employees. Signage has been posted in staff areas on how to use a mask and proper hand hygiene.

Masks are mandatory for all staff and guests in public spaces, including the washroom buildings and laundry room.

Housekeeping staff must wear a mask when cleaning trailers, cabins or cleaning the washroom/shower facilities. Reusable or disposable masks have been purchased and made available for all staff members.

Masks are mandatory for staff when working in close proximity to others.

Gloves are available, with proper glove hygiene, for staff when housekeeping, doing site check-outs, or cleaning the washroom facilities. It is not mandatory for staff to wear gloves, as long as proper hand hygiene protocol is being followed.

PPE will be distributed from the Office, with an adequate supply kept in the office/store.

Roth Park Family Campground Occupational Health and Safety Policy

The employer and management of Roth Park Family Camground are committed to the health and safety of its workers, and will make every effort to provide a safe, healthy work environment. Roth Park , as the employer, is ultimately responsible for worker health and safety.

Managers and supervisors will be held accountable for the health and safety of workers under their supervision. Managers and supervisors are subject to various duties in the workplace, including the duty to ensure that machinery, equipment, and safe work practices are upheld and that employees work in compliance with established safe work practices and procedures.

Every employee must protect their own health and safety by working in compliance with the law and with safe work practices and procedures established by the employer. Employees will receive information, training and competent supervision in their specific work tasks to protect their health and safety.

It is in the best interests of all parties to consider health and safety in every activity. Commitment to health and safety forms an integral part of our organization, from the management to the employees.

Any staff member who is displaying symptoms of COVID-19 or suspects they may have come into close contact with the virus, is instructed to stay home and report their concerns to management and follow up with local health authorities for further instruction.

Roth Park will reasonably accommodate employees affected with a communicable disease or illness without putting other members of the community at unnecessary risk. This may include excusing an employee from their duties with the intent that they quarantine themselves for a given period of time.

Employees are instructed to report to management if they observe any coworkers or guests displaying known symptoms of COVID-19.

If Roth Park is alerted to a presumptive case of COVID-19 on the property, the guest will be isolated in their RV while Roth Park staff works with the local health authorities on the appropriate follow-up actions.
